Complete Legal Continues as the Official eDiscovery Partner of KCMBA

Kansas City Metropolitan Bar Association is pleased to announce the renewal of its Platinum Affinity Partnership with Complete Legal, the Official eDiscovery Partner of KCMBA.

KCMBA President Athena Dickson commented, "We are thrilled to be moving into another contract year with Complete Legal and are so grateful for our strong relationship and the opportunity to work alongside best-in-class eDiscovery consultants. We enjoy even more the ease of recommending Complete Legal to our members as Electronically Stored Information (ESI) experts who provide such high levels of service."

Complete Legal is the premiere eDiscovery service provider for law firms of all sizes and types. Their eDiscovery consultants strive to educate litigators on ways technology can help them solve problems and meet the unique requirements of each case.

KCMBA's Platinum Affinity Partners meet strict requirements to participate in the program. KCMBA Executive Director Vickie Mauck said, "At the Platinum Level, our partners provide the highest degree of customer service, integrity and product quality. Therefore, only our Platinum Affinity Partners receive the endorsement as KCMBA's official partner of their category of goods or services. KCMBA's Platinum Partners endure thorough vetting by our staff, Executive Committee and Board of Directors to ensure we are bringing our members reputable companies and valuable services. While each partner is individually responsible for delivery of their goods or services, KCMBA gives its strong support to each of these businesses and the role they play in our legal community. We are so pleased our members will continue to enjoy and benefit from doing business with Complete Legal through this special partnership."

"Just like KCMBA connects you with the legal community and strengthens your skills and network as an attorney, Complete Legal can strengthen your processes and cases," explained Complete Legal Co-Founder Jeff Dreiling. "We offer a tailored approach to every case and customized solutions to fit your case needs. Our eDiscovery consultants have access to multiple eDiscovery platforms such as CloudNine and Relativity and can help attorneys build a better case."

Complete Legal Co-Founder Eric Kelting, added, “We started Complete Legal as a commitment to Kansas City’s legal community, a community we’ve been part of for nearly 20 years. Committing to a partnership with KCMBA as an Affinity Partner through 2021 is a natural extension of what we care about and who we serve, the attorneys in KC. Our eDiscovery consultants help defense firms, plaintiff attorneys and in-house counsel streamline the litigation process.”
