

DOMESTIC VIOLENCE ALLIANCE

Domestic Violence Alliance Seminars

One of KCMBF's three Legal Connection programs, Domestic Violence Alliance (formerly the Domestic Violence & Children Interdisciplinary Conference) is an annual day-long seminar held each October during Domestic Violence Awareness Month. Under the leadership of KCMBF, various legal, social service, medical and law enforcement agencies across the Kansas City metropolitan area collaborate to plan, promote and attend the seminar aimed at providing essential interdisciplinary information, education and support to these crucial partners who support victims and work to eliminate domestic violence.

Below you will find linked each year's program or brochure, listing session topics and speakers.
